## 1. WELCOME MESSAGES

*Dear Delegates,  
Dear Friends and Colleagues,*

*Thank you for your participation in the Lake Placid 2023 FISU World University Games. I would like to recognize the Organizing Committee and FISU for their hard work and dedication—without them, this event would not be possible. The past months have been very important as we put together the final touches to welcome the world's best collegiate-athletes to participate in these FISU Games.*

*The recent HoD meeting was very successful and as we get closer to the Lake Placid 2023 FISU Games it becomes even more exciting to call Lake Placid a two-time host, since they held the FISU Games in 1972. It is obvious that international events come naturally to the region, therefore, we are confident that Lake Placid is ready to welcome the world's best collegiate-athletes to their stage once again.*

*We would like to thank each and every one of you for your participation and hope you will spend the next 11 days discovering what this beautiful village in New York State and Adirondack Region has to offer. We are excited to see the result of your hard work and dedication that has gone into the preparation for these Games and are looking forward to having you with us in Lake Placid.*

*I wish you all good luck and hope you have a great stay in Lake Placid!*

*Thank you.*

*Leonz Eder  
Acting President of the  
International University Sports Federation*

*Dear Technical Delegates and Officials,*

*I look forward to welcoming you to Lake Placid, NY and the surrounding North Country region, where the Lake Placid 2023 FISU World University Games will soon be underway. It is a privilege and honor to once again the host the World in our historic village!*

*As a community known for its rich sporting history, Lake Placid is proudly home to the 1932 and 1980 Olympic Winter Games, the 1972 FISU World University Games and countless World Cup and World Championship events. In preparation for the upcoming Lake Placid 2023 FISU Games, the venues have undergone extensive modernizations to provide world class facilities for decades to come, ensuring the continuation of our sporting legacy.*

*I am pleased to welcome you to my hometown and the surrounding North Country region. This technical handbook is intended to provide you with all the information you need to guide you through your time here. I wish each of the participating collegiate-athletes success and hope everyone leaves with unforgettable memories that are shared for years to come!*

*Sincerely,*

Ashley Walden  
Chief Operating Officer of the

*Dear Delegations,*

*Welcome to the Lake Placid 2023 FISU World University Games! Lake Placid, our Adirondack Region and the State of New York thank you for your dedication to University sport and we welcome you to our home with open arms.*

#### 5.9.1 LIST OF PROHIBITED SUBSTANCES

The actual list of prohibited substances and methods is defined in accordance with WADA international standards. National University Sports Federations will be responsible for ensuring

that their delegations, namely athletes, are made aware of the actual copy of the prohibited list. Ignorance of the prohibited list contents will in no way constitute a valid excuse for any participant of the Lake Placid 2023 FISU World University Games violating valid FISU Anti-Doping Rules. For the current WADA list of prohibited substances and methods, please refer to the following website: [www.wada-ama.org](http://www.wada-ama.org).

#### 5.9.2 TESTING

The required number of samples will be selected during the “in-competition” and “out-of-competition” periods in accordance with the Test Distribution Plan. “In-competition” is defined as the period commencing 12 hours before a competition in which the athlete is scheduled to participate through to the end of such competition, and the sample collection process related to such competition. “Out-of-competition” is defined as any doping control which is not “in-competition.” During the Lake Placid 2023 FISU Games, athletes can be tested at any time without prior notice. The testing will be conducted by Doping Control Officers (DCO) from the U.S. Anti-Doping Agency (USADA), an anti-doping organization accredited by WADA. Testing will be conducted under the supervision of the FISU International Medical Committee. Doping samples will be sent to the WADA-accredited anti-doping laboratory (LAD) in Montreal, Canada. All results will be sent to the Chairman of the FISU International Medical Committee and entered into the ADAMS system. In the event of a violation of FISU Anti-Doping rules, the responsibility in processing the results lies with the FISU International Medical Committee.

In the event of setting a national record, doping testing of the athlete is carried out at the expense of his/her National University Sports Federation.

#### 5.9.3 DOPING CONTROL STATIONS

All doping control stations will be marked with signs, including signage directing athletes to the stations. After the completion of the doping control procedure, all samples collected at each doping control station will be delivered to the central doping control station together with the necessary support documentation (doping control protocols) for further registration in the ADAMS system. All samples will be packaged and sent to the WADA accredited anti-doping laboratory in accordance with international standards. All information concerning the doping control program during the Lake Placid 2023 FISU World University Games is confidential according to WADA and FISU requirements. When visiting a doping control station, athletes are required to have accreditation cards.
