KRASNOYARSK 2019

1. GENERAL INFORMATION

The Russian Federation

The Russian Federation is the largest country in the world located in Eurasia and is the 9th most populated country with 144 million people. The Russian Federation is a multinational state having one of the most diverse societies in the world, which includes more than 160 ethnic groups. Their languages, ethnic and cultural identities are being continually preserved.

Krasnoyarsk, Russia

Krasnoyarsk is the capital of the Krasnoyarsk Territory, the second largest region of the Russian Federation. Today, Krasnoyarsk is the largest industrial, scientific and cultural centre of Eastern Siberia, located on both banks of the Yenisei River – one of the most beautiful and powerful rivers of Siberia. The city's population is just under 1.1 million.

Useful Information

○ Weather

Krasnoyarsk has a humid continental climate with long cold winter and short hot summer.

Climate overview for March:

Record High	Average High	Daily Mean	Average Low	Record Low	Av. Precipitation	Av. Relative Humidity
17.9 C	-0.2 C	-5.7 C	-10.1 C	-38 C	16mm	64%

○ Official Currency

The Russian Ruble is the official currency of the Russian Federation.

The Exchange Rate	USD	EUR	CAN
(as per 14 Sept.2018)	1 \$ = 68.53	1 Euro = 79.2	50.01

○ Electricity

Electrical sockets (outlets) in Russian Federation are one of the three European standard electrical socket types:

- Type C Europlug
- Type E & Type F Schuko

**If your appliance's plug doesn't match the shape of these sockets, you will need a travel adapter.*

** Voltage of 220 volts is the most widespread in Russia. Device must support the 220-240 C power supply.*

○ Emergency numbers

112	The all-purpose emergency number for mobile calls (this number can be dialed without a SIM, without any money on your phone, and with your keypad locked)
------------	---

- **Canada to Krasnoyarsk:** Dial 011 + 7 + 391 (Krasnoyarsk regional code) + 7-digit phone number
- **Krasnoyarsk to Canada:** from a landline dial 8 + 10 + 1 + 10-digit phone number
from a cell phone use (+) sign or 00 + 1 + 10-digit phone number

- **Water**

Drinking tap water is not advised, as we are not aware of the safety of tap water in Krasnoyarsk. Drinking bottled, boiled water or carbonated drinks is recommended.

- **Time Zone**

There are 11 time zones in Russia. Krasnoyarsk is located in the GMT +7 timezone. There is an 11-hour time difference from the Eastern Time zone in Canada and a 14-hour time difference from the Pacific Time zone in Canada.

2. PRE-ARRIVAL INFORMATION

Visa Exemption

The participants of the Krasnoyarsk 2019 Winter Universiade will have the right to enter / exit the territory of the Russian Federation under the visa-free regime on the basis of the Accreditation Certificate issued by the Organizing Committee free of charge. The Accreditation Certificate is valid from 22 February until 19 March 2019.

An Accreditation Certificate is an official document containing personal data and a photo of the owner. In order to enter the territory of the Russian Federation under the visa-free regime for the 2019 Winter Universiade the participants need to present the following documents at passport control:

- Passport valid for at least six months after the expiry date of the accreditation certificate or visa (ie. Under 19 September 2019)
- Printed copy of electronic form of Accreditation Certificate.

The maximum duration of stay is 26 days. It is not possible to enter before Feb.22 2019 or exit after March 19, 2019 with the Accreditation Certificate.

****All participants must be in the U SPORTS and FISU Accreditation system prior to Feb.1.2019 in order to obtain an Accreditation Certificate. Participants entered past this date, will need to obtain a visa to enter Russia.**

Vaccinations

U SPORTS urges all participants to ensure that their standard immunization profile is up to date and that all supplementary vaccines are updated at least 4-6 weeks before departure to Krasnoyarsk. The recommended vaccines are: Tetanus/Diphtheria/Pertussis, Measles, Hepatitis A and B, Varicella vaccine, Meningococcal disease/Meningitis, and Typhoid.

Medication

U SPORTS strongly urges all participants to bring with them to Krasnoyarsk sufficient medication for any current medical condition. Availability of certain medications in Krasnoyarsk may be limited. The Winter Universiade 2019 Organizing Committee strongly recommends having the prescription for all medicines for personal use, ready for presentation to the Russian Federation authorities, should it be required to reduce any unnecessary delays.

Health Insurance

U SPORTS requires that each Universiade participant have out of country medical insurance while participating at the Games. Policy numbers / details will be required for each participant.

Import/Export of pharmaceutical products by team doctors in accompanied or hand baggage

Medical representatives can bring with them medicines in their accompanied baggage, required to ensure the needs of their teams. It is necessary to follow the recommendations given, taking into account the following features.

- Doctors and medical representatives must have a document, confirming their belonging to the medical staff of the delegation, and the list of imported / exported medicines.
- It is prohibited to import narcotic or psychotropic substance into the Russian Federation without relevant permits
- When importing medicine in any other way, including unaccompanied baggage, declaring the goods is mandatory.

Import / Export of Rifles and Ammunition

Biathlon rifles and ammunition are restricted for import in Russia. Customs declaration and import permits must be submitted upon arrival in Russia and departure from Russia. When imported, firearms and ammunition are subject to separate customs procedure from other sport equipment.

Foreign individuals are not allowed to carry their biathlon rifles and ammunition themselves during transportation on Russian territory, it is done by authorized KWUOC representatives.

Delegations competing in Biathlon must, strictly follow the procedures set out by Russian law upon import and export of rifles and ammunition to and from Russia. KWUOC shall make the best efforts to assist athletes and officials with any problems arising with rifles and ammunition import in Russian.

Application of Rifles and Ammunition Import is required to be submitted by **January 18, 2019**. Biathlon athletes and officials must arrive at the airport on the date they have indicated on the application (any changes must be reported immediately). Inspection of rifles and ammunition and accustoms clearance will be done at the first entry point in Russia. (Please ensure you connection flights are not less than 4 hours). Special assistance will be provided at Sheremetyevo International Airport and Krasnoyarsk International Airport in passing through inspection and customs clearance.

More detailed Information will be provided to Biathlon teams when Applications are provided to U SPORTS from the Organizing Committee.

9. MEDIA SERVICES

Main Press Centre

Ten Press Centres will be operating during the Winter Universiade (the Main Press Centre and Press Centres at 9 sports venues). There will also be a press zone in the unvierville Park and in the International Information Centre of the Unvierville Village.

Press Conferences

Press Conferences will be held at sports venues following the results of the final event in each sport, as well as after the most important matches in team sports. Press conference with winning athlete(s) and coach(es) will be held after the completion of a competition. Winning athletes should be ready to participate in this post-event press conference and answer questions from media representatives.

10. MEDICAL SERVICES & DOPING CONTROL

Medical Services

The Organizing Committee will provide accredited participants with free emergency medical care (diagnosis/treatment and local transportation) of all injuries and illnesses directly and indirectly related to the concerned FISU event. For secondary or non-emergency treatment, participants must have their own appropriate insurance.

Doping Control

Doping Control will be carried out in accordance with the World Anti-Doping Code and Regulations of FISU and will be available at all competition venues. The actual list of prohibited substances and methods is defined in accordance with WADA international standards. Ignorance of the Prohibited List will no way constitute a valid excuse for any participant of the Games in violation of the anti-doping rules.

The required number of samples will be selected during the competition and non-competition periods in accordance with the Test Distribution Plan developed by the Organizing Committee under the supervision of the FISU CMI.

Doping control stations are located at sports venues as well as the 11th station in the Medical Centre of Universiade Village.

Therapeutic Use Exemptions

All student-athletes requiring or currently holding a therapeutic exemption for a banned substance must ensure that the exemption is filed and approved with the Canadian Center for Ethic in Sport or the International Sports Federation prior to their arrival in Krasnoyarsk
