The actual list of prohibited substances and methods is defined in accordance with WADA international standards. National University Sports Federations will be responsible for ensuring that their delegations, namely athletes, are made aware of the actual copy of The Prohibited List. Ignorance of the Prohibited List contents will in no way constitute a valid excuse for any participant of the Winter Universiade violating valid anti-doping rules. For the WADA list of prohibited substances and methods, please refer to the following website: www.wada-ama.org.

5.11.3. TESTING

The required number of samples will be selected during the competition and non-competition periods in accordance with the Test Distribution Plan developed by the Organising Committee under the supervision of the FISU CMI. Testing will be conducted under the supervision of the FISU Medical Committee. Doping samples will be sent to the WADA-accredited anti-doping laboratory. All results will be sent to the Chairman of the FISU Medical Committee and entered into the ADAMS system. In case of violation

5.11.5. THERAPEUTIC USE EXEMPTIONS (TUE)

Universiade participants who require Therapeutic Use Exemption (TUE) must make an appropriate request to the National Anti-Doping Organisation or International Sports Federation before participation in the Universiade. Every athlete who uses a substance or a method included in the List of prohibited substances is obliged to be in possession of a completed TUE form of the established standard from the moment of arriving until the departure from the Universiade Village after the Closing Ceremony of the Universiade.

If there is a need in the use of a prohibited substance or a prohibited method for medical reasons after the opening of the Winter Universiade, an athlete must submit a request for TUE to the FISU TUE Committee as a matter of urgency. The responsibility for completing the TUE form and submitting an application to the FISU TUE Committee lies with the delegation physician.
