5.4.1. PROTEST AND APPEAL

Any protest of a sport or disciplinary nature must reach the Jury or other proper authority according to the regulations laid down by the IIHF.

Such protest must be accompanied by a deposit, the amount of which is set in line with the ISF regulations, if not otherwise specified in the technical regulations of concerned sport.

Any sport disciplinary situation, which cannot be satisfactorily resolved by the sport technical committees and the sport specific disciplinary regulations, will be reported to the FISU Disciplinary Committee for further action to be taken. Where appropriate, a report will be sent to IIHF.

5.5. COMPETITION FORMAT

5.5.1. ENTRIES

Twelve countries have qualified to enter teams and participate in accordance with FISU WU2019 Regulations. Teams have been placed in two groups based on FISU ranking.

| Group A | Group B |
|---------|---------|
| RUS | KAZ |
| CZE | CAN |
| SVK | LAT |
| JPN | SWE |
| USA | GBR |
| HUN | SUI |

5.5.2. NUMBER OF PLAYERS ON THE LINEUP SHEET

Sixty minutes before the start of the game, a representative from each team must provide the scorekeeper with a lineup (list of names and corresponding jersey numbers for players dressed), including the names of the captain and alternate captains.

Each team is allowed to dress a maximum of 20 skaters and two goaltenders for a game. Only eligible players are allowed to be listed on the lineup sheet and play in a game.

If, during the course of a game, both goaltenders of a team are unable to play, the team will be allowed to dress a skater from the players' bench to play as a goaltender. The skater has ten minutes in which to dress and be ready to play, but if he is ready prior to ten minutes he is allowed to use the remaining time for warmup on ice.

With the exception of a third goaltender, no alterations to the lineup are allowed once the game has started.

5.5.3. GAME

A game consists of three periods of 20 minutes (with two intermissions above 15 minutes, if not otherwise decided in the Directorate) plus overtime and a penalty-shot shootout if required.

5.5.4. TOURNAMENT FORMAT

The format of the men's tournament comprises:

1. PRELIMINARY ROUND played in two groups (30 games) from which 4 teams will qualify to the semi-finals
2. SEMI-FINAL ROUND (2 games)
3. MEDAL ROUND (2 games) – Bronze Medal Game and Gold Medal Game

During the PRELIMINARY ROUND the teams will play a round robin within their group. Two leaders of each group (4 teams in total) will be qualified for the SEMI-FINALS and the rest 8 teams will be re-ranked 5 to 12 according to the following criteria:

- By the highest number of points, and if still tied
- By the better goal difference, and if still tied
- By the highest number of goal scored for, and if still tied
- By the highest seeding on entry

The SEMI-FINAL ROUND will be played as follows:

Group A 1st place **vs** Group B 2nd place
Group B 1st place **vs** Group A 2nd place

The two winning teams will play in the Gold Medal game and the two losing teams will play in the Bronze Medal game.

5.5.5. THREE POINT SYSTEM (2019 IIHF SPORT REGULATIONS)

For all games, points shall be awarded as follows:

- 3 points for the winning team at the conclusion of regulation time
- 1 point for both teams at the conclusion of regulation time if the game is tied
- An additional point earned for the team winning the game in a 5-minute overtime period, or the Penalty-Shot Shootout Procedure if the teams are still tied following conclusion of the overtime period
- 0 points for the team losing the game in regulation time

5.5.6. TIE BREAKING SYSTEM (2019 IIHF SPORT REGULATIONS)

The tie-breaking system for two teams with the same number of points in a standing will be the game between the two teams, the winner of the game taking precedence.

Due to the fact that the three-point system does not allow a game to end in a tie, then the following tie breaking procedure is applicable when three or more teams are tied in points in a Championship standing.

Should three or more teams be tied on points, then a tie breaking formula will be applied as follows, creating a sub-group amongst the tied teams. This process will continue until only two or none of the teams remain tied. In the case of two remaining tied teams, the game between the two would then be the determining tie-breaker as the game could not end as a tie. In the case of none of the teams being tied, the criteria specified in the following respective step applies.

Step 1:

Taking into consideration the games between each of the tied teams, a sub-group is created applying the points awarded in the direct games amongst the tied teams from which the teams are then ranked accordingly.

Step 2:

Should three or more teams still remain tied in points then the better goal difference in the direct games amongst the tied teams will be decisive.

Step 3:

Should three or more teams still remain tied in points and goal difference then the highest number of goals scored by these teams in their direct games will be decisive.

Step 4:

Should three or more teams still remain tied in points, goal difference and goals scored then the results between each of the three teams and the closest best-ranked team outside the subgroup will be applied. In this case the tied team with the best result (1. points, 2. goal difference, 3. more goals scored) against the closest best ranked-team will take precedence.

Step 5:

Should the teams still remain tied, then the results between each of the three teams and the next highest best-ranked team outside the sub-group will be applied.

Step 6:

Should the teams still remain tied after these five steps have been exercised then Sport considerations will be applied and the teams will be ranked by their positions coming into the Championship (i.e. seeding).

The IIHF Tie Breaking System will be used to resolve ties before the end of the Preliminary Round.

In the case where two teams are tied and they have not yet played against each other, and in the case where three or more teams are tied and not all mutual games have been played within the sub-group, the following criteria will be used to break the tie:

1. Fewest number of games played
2. Highest Goal Differential (GF-GA) in all games
3. Highest number of Goals For (GF) in all games
4. Highest tournament seeding entering the tournament

In the case of three or more tied teams, this process will continue until only two teams remain tied. The game between the two remaining tied teams would then be the determining tiebreaker. If the two remaining tied teams have not played each other then the tie break will be determined by re-starting the process only for these two teams.

5.5.7. OVERTIME OPERATIONS (2019 IIHF SPORT REGULATIONS)

Overtime – Operations for a Round Robin or for a Preliminary Round Game:

If at the end of the three (3) regular twenty (20) minutes periods in a single Round Robin championship or the Preliminary Round of a top category championship and the two playing teams are tied, the teams will then play a ‘sudden death’ overtime period of not more than five (5) minutes with the team scoring first declared the winner. The overtime period shall be played with each team at a numerical strength of three (3) skaters and one (1) goaltender. The overtime period will commence following a three-minute intermission during which time a shoveling of the ice surface by arena personnel will be performed utilizing the same procedure as during television time-outs. Once the intermission has been completed, the clock will be reset to 5:00 minutes and the overtime period will begin immediately. Teams will not change ends. The players will remain at their respective player benches during the 3-minute intermission in which the shoveling of the ice surface takes place. Goaltenders must go to their respective players’ benches during this rest period, however, penalized players must remain on the penalty bench. Should a penalized player exit the penalty bench, he shall be returned immediately by the game officials with no additional penalty being assessed, unless he commits an infraction of any other rule. Teams are not permitted to return to the dressing room during this time.

Penalties:

When regulation time ends, and the teams are 5 on 3, teams will start the overtime period with 5 on 3. Once player strength reaches 5 on 4 or 5 on 5, at the next stoppage of play, player strength is adjusted to 4 on 3 or 3 on 3, as appropriate. When regulation time ends, and teams are 4 on 4 teams will start overtime 3 on 3.

Once player strength reaches 4 on 4, at the next stoppage player strength is adjusted to 3 on 3 as appropriate. If at the end of regulation time teams are 3 on 3, overtime starts 3 on 3. Once player strength reaches 4 on 4, 5 on 4 or 5 on 5, at the next stoppage player strength is adjusted to 3 on 3 or 4 on 3 as appropriate. At no time will a team have less than three players on the ice. This may require a fourth and/or fifth skater to be added in the event penalties are assessed. If a team is penalized in overtime, teams play 4 on 3. If both teams are penalized with minor penalties at the same stoppage of play (with no other penalties in effect), teams will continue to play 3 on 3. In overtime, if a team is penalized such that a two-man advantage is called for, then the offending team will remain at three (3) skaters while the non-offending team will be permitted five (5) skaters. At the first stoppage of play after the two-man advantage is no longer in effect, the numerical strength of the teams will revert back to 4 on 3 or 3 on 3, as appropriate.

Overtime – Operations for a Playoff Game or for a Bronze Medal Game:

If at the end of the three (3) regular twenty (20) minutes periods in a Playoff Game, a Relegation Round Game, a Classification Round Game or in a Bronze Medal Game and the two playing teams are tied, the teams will then play a 'sudden death' overtime period of not more than 10 minutes with the team scoring first declared the winner. The overtime period shall be played with each team at a numerical strength of four (4) skaters and one (1) goaltender. The overtime period will commence following a three-minute intermission during which time a shoveling of the ice surface will be performed by arena personnel utilizing the same procedure as during television time-outs. Once the intermission has been completed, the clock will be reset to 10:00 minutes and the overtime period will begin immediately. Teams will not change ends. The players will remain at their respective player benches during the 3-minute intermission in which the shoveling of the ice surface takes place. Goaltenders must go to their respective players' benches during this rest period, however, penalized players must remain on the penalty bench. Should a penalized player exit the penalty bench, he shall be returned immediately by the game officials with no additional penalty being assessed, unless he commits an infraction of any other rule. Teams are not permitted to return to the dressing room during this time.

Penalties:

When regulation time ends, and the teams are 5 on 3, teams will start the overtime period with 5 on 3. Once player strength reaches 5 on 4 or 5 on 5, at the next stoppage of play, player strength is adjusted to 4 on 3 or 4 on 4, as appropriate. When regulation time ends, and teams are 4 on 4 teams will start overtime 4 on 4. Once player strength reaches 5 on 4 or 5 on 5, at the next stoppage player strength is adjusted to 4 on 3 or 4 on 4 as appropriate. If at the end of regulation time teams are 3 on 3, overtime starts 3 on 3. Once player strength reaches 4 on 4, 5 on 4 or 5 on 5, at the next stoppage player strength is adjusted to 4 on 3 or 4 on 4 as appropriate. At no time will a team have less than three players on the ice. If a team is penalized in overtime, teams play 4 on 3. If both teams are penalized with minor penalties at the same stoppage of play (with no other penalties in effect), teams will continue to play 4 on 4. In overtime, if a team is penalized such that a two-man advantage is called for, then the offending team will remain at three (3) skaters while the non-offending team will be permitted five (5) skaters. At the first stoppage of play after the two-man advantage is no longer in effect, the numerical strength of the teams will revert to 4 on 3 or 4 on 4, as appropriate.

Overtime – Operations for the Gold Medal Game:

If at the end of the three (3) regular twenty (20) minutes periods in a Gold Medal Game of a top category championship and the two playing teams are tied, the teams will then play a 'sudden death' overtime period of not more than 20 minutes with the team scoring first declared the winner. The overtime period shall be played with each team at a numerical strength of four (4) skaters and one (1) goaltender. The overtime period will commence following an ice resurfacing during a 15-minute intermission where the teams will return to their dressing room before the start of the overtime period. Teams will not change ends.

Penalties:

When regulation time ends, and the teams are 5 on 3, teams will start the overtime period with 5 on 3. Once player strength reaches 5 on 4 or 5 on 5, at the next stoppage of play, player strength is adjusted to 4 on 3 or 4 on 4, as appropriate. When regulation time ends, and teams are 4 on 4 teams will start overtime 4 on 4. If at the end of regulation time teams are 3 on 3, overtime starts 3 on 3. Once player strength reaches 4 on 4, 5 on 4 or 5 on 5, at the next stoppage player strength is adjusted to 4 on 3 or 4 on 4 as appropriate.

At no time will a team have less than three players on the ice. If a team is penalized in overtime, teams play 4 on 3. If both teams are penalized with minor penalties at the same stoppage of play (with no other penalties in effect), teams will continue to play 4 on 4. In overtime, if a team is penalized such that a two-man advantage is called for, then the offending team will remain at three (3) skaters while the non-offending team will be permitted five (5) skaters. At the first stoppage of play after the two-man advantage is no longer in effect, the numerical strength of the teams will revert back to 4 on 3 or 4 on 4, as appropriate.

5.5.8. PENALTY-SHOT SHOOTOUT PROCEDURE (2019 IIHF SPORT REGULATIONS)

If following the completion of regulation time in any IIHF Championship game and the score of the game is tied, the teams will then play an overtime period with a maximum duration and number of players as specified in the IIHF Sport Regulations with the team scoring first declared the winner.

If no goal is scored in the overtime period then the IIHF Penalty-Shot Shootout Procedure will apply. The following procedure will be utilized:

1. Shots will be taken at both ends of the ice surface. The 14-meter wide longitudinal centre section of the rink, between the Face-Off Spots in the neutral and end zones, will be dry scraped by the ice-resurfacing machine prior to the Penalty-Shot Shootout during the time required to organize the program accordingly.

2. The procedure will begin **with five (5)** different shooters from each team taking alternate shots. The players do not need to be named beforehand. Eligible to participate in the Penalty-Shot Shootout will be the four goalkeepers and all players from both teams listed on the official game sheet except as specified in article 3 below.

3. Any player whose penalty had not been completed when the overtime period ended is not eligible to be one of the players selected to take the shots and must remain in the penalty box or in the dressing room. Also, players serving penalties assessed during the Penalty Shot Shootout must remain in the penalty box or in the dressing room until the end of the procedure.

4. The Referee will call the two captains to the Referee Crease and flip a coin to determine which team takes the first shot. The winner of the coin toss will have the choice whether his team will shoot first or second.

5. The goalkeepers shall defend the same goal as in the overtime period and may remain at their goal creases while the opposing team is taking a shot.

6. The goalkeepers from each team may be changed after each shot.

7. The shots will be taken in accordance with Rule 63 of the IIHF Official Rule Book.

8. The players of both teams will take the shots alternately until a decisive goal is scored. The remaining shots will not be taken.

9. If the result is still tied after all shots by each team the procedure shall continue with a tiebreak shoot-out by one player of each team, with the same or new players with the other team starting to take the tie-break shots. The same player can also be used for each shot by a team in the tie-break shoot-out. The game shall be finished as soon as a duel of two players brings the decisive result.

10. The Official Scorekeeper will record all shots taken, indicating the players, goalkeepers and goals scored.

11. Only the decisive goal will count in the result of the game. It shall be credited to the player who scored and to the goalkeeper concerned. 25 Approved May 2017 IIHF Annual Congress; Cologne, Germany

12. If a team declines to participate in the Penalty-Shot Shootout, the game will be declared as a loss for that team and the other team will be awarded 3 points for a win. If a player declines to take a shot it will be declared "no score" for his team.

5.8.1. SKATER'S EQUIPMENT

Skaters' equipment consists of sticks, skates, protective equipment, and uniforms. All protective equipment, except gloves, helmets, and skates must be worn entirely underneath the uniform. Equipment must conform to safety standards and be used only to protect skaters, not to enhance or improve playing ability or to cause injury to an opponent. Full equipment, including helmets, must be worn properly during the pre-game warmup.

All personal equipment requirements are fully described in the IIHF Official Rule Book (section 4):

[https://www.iihf.com/IIHFMvc/media/Downloads/Rule%20Book/IIHF Official Rule Book 2018 Web v2.pdf](https://www.iihf.com/IIHFMvc/media/Downloads/Rule%20Book/IIHF%20Official%20Rule%20Book%202018%20Web%20v2.pdf)

5.8.2. ICE HOCKEY TEAM UNIFORMS

Ice Hockey Team Uniforms must follow the FISU Ice Hockey Uniform Guidelines which can be found in following website:

https://krsk2019.ru/uploads/shared/localized_documents/files/000/004/189/original/Uniform_guidelines_ice_hockey_bandy.pdf?1538017351

5.9. DOPING CONTROL

5.9.1. DOPING CONTROL

Doping Control will be carried out in accordance with the WADA World Anti-Doping Code and FISU regulations. Conditions for doping control procedures will be provided during the competitions at all sports venues.

5.9.2. LIST OF PROHIBITED SUBSTANCES

The actual list of prohibited substances and methods is defined in accordance with WADA international standards. National University Sports Federations will be responsible for ensuring that their delegations, namely athletes, are made aware of the actual copy of The Prohibited List. Ignorance of the Prohibited List contents will in no way constitute a valid excuse for any participant of the Winter Universiade violating valid anti-doping rules. For the WADA list of prohibited substances and methods, please refer to the following website: www.wada-ama.org.

5.9.3. TESTING

The required number of samples will be selected during the competition and non-competition periods in accordance with the Test Distribution Plan developed by the Organising Committee under the supervision of the FISU CMI. During the Universiade, athletes can be tested at any time without prior notice. The testing will be conducted by Doping Control Officers (DCO) from an anti-doping organization accredited by WADA. Testing will be conducted under the supervision of the FISU Medical Committee. Doping samples will be sent to the WADA-accredited anti-doping laboratory. All results will be sent to the Chairman of the FISU Medical Committee and entered into the ADAMS system. In case of violation

of Anti-Doping Rules, the responsibility for processing the results lies with the FISU Medical Committee.

In case of setting a national record, doping testing of the athlete is carried out at the expense of his National University Sports Federation.

5.9.4. DOPING CONTROL STATIONS

Ten doping control stations are located at sports venues. The 11th doping control station is located in the Medical Centre of Universiade Village. All doping control stations will be marked with signs and the way to them will be shown by the signage. After the completion of the doping control procedure, all samples collected at each doping control station will be delivered to the central doping control station together with the necessary support documentation (doping control protocols) for further registration in the ADAMS system. All samples will be packaged and sent to the WADA accredited anti-doping laboratory in accordance with the international standards. All the information concerning the doping control programme during the Winter Universiade is confidential according to WADA and FISU requirements. When visiting a doping control station athletes are required to have accreditation cards.

Doping Control Station for ice hockey athletes will be allocated at the Crystal Ice Arena 1st floor.

5.9.5. THERAPEUTIC USE EXEMPTIONS (TUE)

Universiade participants who require Therapeutic Use Exemption (TUE) must make an appropriate request to the National Anti-Doping Organization or International Sports Federation before participation in the Universiade. The World Anti-Doping Agency International Standard for TUE will be applied in this case. Every athlete who uses a substance or a method included in the List of prohibited substances is obliged to be in possession of a completed TUE form of the established standard from the moment of arriving until the departure from the Universiade Village after the Closing Ceremony of the Universiade.

If there is a need in the use of a prohibited substance or a prohibited method for medical reasons after the opening of the Winter Universiade, an athlete must submit a request for TUE to the FISU TUE Committee as a matter of urgency. The responsibility for completing the TUE form and submitting an application to the FISU TUE Committee lies with the delegation physician. If the delegation does not have its own physician the athlete shall submit a request for TUE with the attachment of medical documentation confirming the fact of providing him/her with emergency medical treatment to the FISU TUE Committee.

Every athlete/coach should be ready to communicate with media representatives upon their request. In case of cold weather, team representatives should give an athlete a warm jacket or a blanket prior to entering the mixed zone.

After the award ceremony, all competition medalists and/or their coaches will be invited to participate in the post-competition press conference. A volunteer from the Venue Press Centre will invite and then accompany athletes/coaches to the press conference room. Athletes must bring their medals to the press conference.

Simultaneous interpretation in English and Russian will be provided during the press conference. If a press conference participant does not speak either of these languages, they should invite their team interpreter to the press conference.
