2.0 ENTRY

The 2020 U SPORTS / Curling Canada University Championships will be comprised of eight (8) men's teams and eight (8) women's teams. Participating teams per gender are as follows:

- Canada West - three (3) teams;
- Ontario – three (3) teams;
- Atlantic – two (2) teams;

The respective areas will be responsible for determining their teams. If they cannot agree, Curling Canada will decide.

The entry fee will be **\$460.00** per team per gender and is non-refundable. The entry fee will include a maximum of six (6) tickets to the closing banquet and six (6) tickets to the opening reception. Curling Canada will provide a travel pool of **\$38,000** to be distributed among all teams traveling to **Portage la Prairie**. The formula will be based on the total distance travelled with air travel costs at that time.

3.0 COMPETITION

3.1. **Format:** Each gender will play a full round robin of seven (7) games from Wednesday night to Saturday. The playoffs will be held Sunday. There will not be any tiebreaker games played. Ties will be broken by who beat who and failing that, by the accumulated draw shot distance from round robin play.

At the conclusion of the individual round robins, the top four teams in each pool will advance to the championship semi finals. The first place team will play the fourth place team while the team finishing second will play the third place team. The winners of these semi-final games will advance to the championship final and the losers will play in the bronze medal game. All games will be ten (10) ends in length.

3.2. **Arrival:** All members of a team participating in the U SPORTS / Curling Canada University Championships shall arrive in **Portage la Prairie** no later than **11:00 am, Wednesday, March 11th**. Illness, accident, or extenuating circumstance will not be considered unless a sufficient number of teams are involved, thus making it difficult for the competition to commence or continue (this decision will be made by Curling Canada). If a team does not arrive at the site of the championships in time to play its first or any subsequent games in the U SPORTS / Curling Canada University Championships, the team involved will forfeit the game.

3.3. **Pre-Competition Practice:** Will take place **Wednesday, March 11th** at **Stride Place**. The first practice session will begin at 12:00 pm. Each team will have access to the ice for 12 minutes per sheet (8 sheets).

3.4. **Practice & Stone Colour:** In all round robin games, the team listed first on the draw **will practice first and will throw the stones with the red handles**. The team listed second on the draw will practice second and will throw the **yellow** handles.

3.5. **Stone Selection, Practice & Last Stone Advantage – Round Robin**

- 3.5.1. During the round robin portion, each team will be assigned red stones three (3) times and yellow stones four (4) times **OR** stones assigned red handles four (4) times and yellow stones three (3) times. The team throwing red will have pre-game practice ice available for exactly nine (9) minutes, commencing thirty (30) minutes prior to the start of the round robin draw. The yellow team will have the same period of practice ice available commencing immediately following the red team's draw to the button for last stone advantage.
- 3.5.2. Last stone advantage in the first end (hammer) will be decided by two (2) draws to the button following each team's pre-game practice. Within two (2) minutes of the completion of the pre-game practice, two players from the team will each throw a stone (full sweeping allowed). The red team will deliver the clockwise rotation while the yellow team will deliver the counter-clockwise rotation. **During the round robin portion of this event, each player on each team will deliver a minimum of two (2) draw shots for last stone advantage. The two (2) draw shots can be taken anytime during the round robin but not in the same game.** The draw to the button shall be played towards the home end.
- 3.5.3. Should the yellow team record the same two-stone distance as their opposition, any player from the red team will draw to the button followed by any player from the yellow team. And so on until last stone has been decided. The first two stones delivered will be the distance that counts for the accumulated distance. Umpires will assume that every team that wins the Last Stone Draw will want the last stone in the first end. If there is any time that a team does not want the last stone if they win the Last Stone Draw, they must inform the Umpire before the start of their practice.
- 3.5.4. Other key points:
- 3.5.4.1. Opposing teams must remain **behind the scoreboards** during their opponent's pre-game practice.
- 3.5.4.2. Stones not delivered within the two minutes will be assigned each a distance of 199.60 cm (the stone must reach the nearer tee-line before time expires).

- 3.5.4.3. A draw to the button for last stone advantage that is moved by a team member prior to the measurement will be assigned the distance to the next defined circle away from the button.
- 3.5.4.4. Teams will declare which two (2) players will deliver the last stone draws for last stone advantage prior to the start of the first practice. Failure to do so will result in an assigned distance of 399.20.
- 3.5.5. **Team Ranking:** A team's rank for tiebreaker scenarios will be based on the best 12 of 14 pre-game draw shots to the button for last stone advantage. The least accumulated distance shall receive the highest ranking and so on until ranking is completed. **Tiebreaker games will not be played.**
- 3.6. **All games are scheduled for ten (10) ends.** All round robin games and playoff games at the U SPORTS / Curling Canada University Championships can be conceded after a minimum of eight (8) ends.
- 3.7. If the score is tied at the conclusion of regulation, direction of play for the extra end(s) shall be remain continuous.
- 3.8. **Playoffs:**
- 3.8.1. Last stone advantage in the first end **and** choice of stones shall be awarded to the higher ranked team following the round robin competition. However, the higher ranked team **must** be clearly ahead in terms of round robin victories. If teams have the same record, the result of the round robin match will determine who will **have choice of colour and second practice**. Teams will then draw for Last Stone Advantage.
- 3.8.2. All playoff games shall be played with the stones from the sheet assigned. Stone handles shall not be changed from one set of stones to another.
- 3.8.3. When the ranking of three (3) or more tied teams eligible for playoffs cannot be established by successive comparisons of win/loss records, the total draw distance for last stone advantage in the first end shall rank those teams during the round robin.

3.9. Time Clocks

3.9.1. The game time allotted to each team to complete a 10 end game shall be thirty-eight (38) minutes. The game time allotted to each team to complete each extra end shall be four (4) minutes and thirty (30) seconds.

3.9.2. Each team will be allowed two (2) ninety (90) second timeouts per 10 end game and one (1) ninety (90) second timeouts in each extra end. Full details on the implementation of timeouts will be explained at the team meeting. There will be a mandatory five (5) minute break at the conclusion of the fifth end.
