The clinic is equipped with 9 treatment tables, 4 combo modality machines, 3 hydrotherapy tubs, an ice machine and hydrocollator as well as various rehabilitation tools.

Medical coverage

Our host medical staff (certified athletic therapist and athletic therapy certification candidates) will be on site during the championship. A sports medicine physician will be on-call. Appointments with the sports medicine physician have to be made through the certified athletic therapist.

Practices - a host student therapist will be present on site to assist with any medical inquiries or emergency procedures that may be required for official practices.

Games - a certified athletic therapist will be by the court during all games and he or she will be in charge of the Emergency Action Plan. The Emergency Action Plan will be reviewed at the medical meeting.

If your team plans to travel without any medical staff, let us know at least a week prior to the event. By doing so, we will be in a better position to fill your needs. Fees will apply if your team requires specific medical coverage from our staff.
