6. RULES

Competition shall be governed by the official playing rules of Hockey Canada for all pre-season, regular season, playoff and U SPORTS championship games with the following exceptions:

6.1 LENGTH OF PERIODS

U SPORTS games will consist of three 20-minute periods, not including overtime, with a 15-minute intermission and flood between each period.

6.2 FACE-OFF LOCATION AFTER PENALTY

6.2.1 When players are penalized at a stoppage of play that results in penalties being placed on the penalty time clock to one team, the ensuing face-off shall be conducted at one of the two face-off spots in the offending team's end zone.

Four exceptions to this rule:

1. Start or end of period
2. Non-penalized team ices puck
3. Defense come in (i.e. scrum at net)
4. Illegal substitution of goalie

6.2.2 Following a stoppage in play for an icing infraction, the offending team is prohibited from making any player change until play has resumed.

The team that is in violation of this rule shall not be permitted to make any player substitutions prior to the ensuing faceoff. Should the stoppage of play following an icing infraction coincide with a commercial timeout, or should the offending team elect to utilize their team time out at this stoppage of play, they are still not permitted to make any player substitutions. However, a team shall be permitted to make a player substitution to replace a goalkeeper who had been substituted for an extra player, to replace an injured player/goalkeeper or when a penalty has been assessed that effects their on ice strength. The determination of players on the ice will be made when the puck leaves the offending player's stick. If a team persists in changing players after they have iced the puck and warned by the referee, the referee shall assess to the offending team, a bench minor penalty.

6.2.3 Delaying the Game – Shooting the Puck Outside the Playing Area

- a) When any player or goalkeeper, while in her defending zone, shoots, throws, or bats the puck with her hand or stick directly (non-deflected) out of the playing area, except where there is no glass, a minor penalty shall be assessed for delaying the game.
- b) When the puck is shot, thrown, or batted with the hands or stick by player or goalkeeper into the players bench (or penalty bench if there is no protective glass), no penalty shall be assessed

September 2020

Playing Regulations: Women's Hockey

PR/7-9

- c) When the puck is shot, thrown or batted with the hands or stick, by a player or goalkeeper, over the glass, behind the players bench (or penalty bench if there is no protective glass) the penalty shall be assessed.
- d) A minor penalty for delay of game shall be imposed on any player or goalkeeper who deliberately shoots or bats the puck outside the playing area during the play or after a stoppage of play unless covered by this rule.

6.3 COACH VIEWING

The head coaches and/or assistant coach(es) must be in close proximity of their respective players bench and in view of the ice during the pre-game warm-ups until the last player on their team has left the ice.

6.4 HYBRID ICING (As per IIHF Rule 65)

1. Should a player of a team equal or superior in numerical strength propel the puck in any manner (stick, glove, skate, body) from his own half of the ice to beyond the icing line of the opposing team – including off the boards or the protective glass – without the puck being touched by any player from either team in the offensive half of the ice before the puck crosses the icing line, an icing will be in effect.
2. There are two decisions a linesman must make under hybrid icing rules. First they must determine that the shot from a player's own side of centre ice will cross the icing line in the attacking zone. Second, they must determine whether a defending skater or attacking skater would be first to touch the puck.
3. This second decision must be made no later than the instant the first of the players reaches the end zone faceoff spots, although the decision can be made earlier. The skates of the skaters are the determining factor.
4. Should the puck be shot or propelled in such a way that it travels around the boards and slides back towards centre ice, the linesman will determine which player would be first to touch the puck. In this instance, the determining factor is not the end zone faceoff spots but the puck itself.
5. If there is no "race" for the puck, icing will be not called until a defending player crosses his defending blue line and the puck crosses the icing line.
6. If the race for the puck is too close to determine which player from which team would touch the puck first, icing will be called
7. During an icing situation where the icing has been cancelled because an attacking player has gained positional advantage, players must compete within the rules pertaining to physical contact.
